

PRODUCT SPECIFICATION

Hydraulic Manual Scissor Lift

NANDI Hydraulic Manual Scissor Lifts are designed for the safe lifting, positioning, and handling of heavy loads in factories, warehouses, stores, and production areas. Built with a sturdy structure, reliable hydraulic lifting system, and heavy-duty platform, these lifts are suitable for continuous industrial use and help reduce manual effort during material handling operations.

They are ideal for applications where loads need to be lifted to a convenient working height for assembly, loading, unloading, inspection, or transfer.

TECHNICAL SPECIFICATIONS

RATED CAPACITIES	500 kg / 1000 kg / 1500 kg / 2000 kg
PLATFORM SIZE	1500 mm (L) × 750 mm (W)
OVERALL WIDTH	800 mm
OVERALL LENGTH	1500 mm (Approx.)
LOWERED HEIGHT	500 mm
MAXIMUM PLATFORM HEIGHT	900 mm / 1250 mm / 1500 mm
MOVEMENT	Manual
LIFTING METHOD	Hydraulic manual pump
WHEEL OPTIONS	Nylon / PU / Cast Iron
WHEEL SIZE	Ø150 × 50 mm – 4 Nos
FINISH	Deep Orange powder-coated

KEY FEATURES

- Strong and sturdy structure for industrial use
- Suitable for lifting and positioning heavy loads safely
- Reliable hydraulic manual lifting system
- Heavy-duty platform construction
- Smooth movement with suitable wheel options
- Low maintenance and dependable performance
- Available in multiple capacities and lift heights
- Built for continuous shop-floor usage

COMMON APPLICATIONS

- Loading and unloading operations
- Positioning materials at working height
- Assembly and production support
- Inspection and maintenance activities
- Internal material handling in warehouses and factories

BENEFITS

NANDI Hydraulic Manual Scissor Lifts help improve worker safety, reduce manual strain, and enhance efficiency in lifting and positioning operations. They are a practical solution for industries that need reliable lifting equipment for day-to-day material handling.

Customisation Available: Platform size, lift height, capacity, and wheel type can be offered based on customer requirement and application.

NANDI Manual Scissor Lift Tables are designed to lift and position heavy loads safely and efficiently in industrial applications.

NANDI Hydraulic Manual Scissor Lifts are dependable lifting solutions for safely raising, positioning, and handling heavy loads in demanding industrial environments.

CAPACITY	LIFT HEIGHT
500 kg	900 mm / 1250 mm / 1500 mm
1000 kg	900 mm / 1250 mm / 1500 mm
1500 kg	900 mm / 1250 mm / 1500 mm
2000 kg	900 mm / 1250 mm / 1500 mm
